

Project Skyline – Screenshot Captions

project_skyline_game_trace_view.png

Project Skyline technology's game trace view showing which animations are being combined as the game is played. Here the game has been paused and the user is scrubbing back in time.

project_skyline_newanimation.png

A new animation is added to a Project Skyline blend tree as the game is running.

project_skyline_modifysource animation.png

A source animation is being modified as the game is running. Modifications to the source animation are picked up immediately by the running game engine.
