Autodesk, Maya, MotionBuilder, Mudbox, SketchBook, Softimage, and 3ds Max are registered trademarks or trademarks of Autodesk, Inc., and/or its subsidiaries and/or affiliates in the USA and/or other countries.

Experience the creative freedom of having a palette of industry-leading 3D animation toolsets at your fingertips. Autodesk<sup>®</sup> Entertainment Creation Suites 2013 provide an affordable end-to-end creation and production solution, with tools used by artists working in visual effects, game development, and other 3D animation production. Integrated through single-step interoperability workflows and more consistent user interfaces, the Autodesk Entertainment Creation Suites help increase productivity and provide enhanced creative opportunities.

### WITH AUTODESK<sup>®</sup> ENTERTAINMENT CREATION SUITES, YOU CAN:

- **Experience enhanced production flexibility.** With the creative toolsets used by leading facilities in the 3D entertainment content creation industry, you'll have a broad palette of tools to draw from. So you'll get greater flexibility to use the right tool for the job, enabling you to take on more challenging projects.
- **Increase productivity.** Autodesk Entertainment Creation Suites help you accelerate 3D modeling and sculpting, texture painting, advanced character animation, visual effects, and concept art creation tasks. The complementary toolsets of the Suites help you achieve high-quality results while staying on schedule and within budget.
- **Get real value.** The Autodesk Entertainment Creation Suites offer access to a range of powerful creative toolsets at exceptional value—37 percent\* savings on the Standard Suites, 45 percent\* savings on the Premium Suites, and 47 percent\* savings on the Ultimate Suite—compared to purchasing each product individually.

\*Savings based on USD SRP. International pricing may vary.

## EXPERIENCE THE NEW 30 SERIES

Lenovo ThinkStations are the reliable, innovative workstations for those who do more, push technology to its limits, achieve great feats and leave their mark on the world around them. The new 30 Series features the latest generation of high-performance Intel® Xeon® processors, unmatched multi-core processing efficiency and powerful graphics from NVIDIA®. And with faster memory performance and transfer rates, you can do more—fast.

### S30: High performance. Powerful graphics. Reliable.

The S30 is the essential workstation for professionals that want both value and performance—from 2D and 3D digital content creators, users of mid-range CAD and EDA applications, as well as finance and medical professionals.

### C30: Unparalleled performance. Unprecedented size.

The C30 builds upon its award-winning design as the world's smallest dual-CPU horsepower, supporting two of the latest-generation Intel Xeon processors and faster memory performance.

### D30: Extreme speed. Powerful graphics. Cool and quiet.

Designed to tackle the biggest challenges, process more tasks faster with the latest generation of quad- and six-core Intel processors, and support discrete Quadro® and Tesla® graphics technology from NVIDIA.

“‘More’ seems to be a word we hear a lot from our customers—as in ‘give me more power, more performance, more tools, more speed.’ The combination of the Autodesk Entertainment Creation Suites 2013 and Lenovo ThinkStations will help artists and designers increase productivity and provide enhanced creative opportunities. In other words, the ‘more’ they are looking for!”

MARC PETIT,  
Senior Vice President,  
Media and Entertainment,  
Autodesk Inc.
